A GREAT BUSINESS LOCATION

The Big Sandy Business Park was the brain-child of the Big Sandy Community Development Corporation. An out-of-state corporation was considering relocating some of its smaller offices away from East Texas in the mid-90's. Concerned community leaders formed and worked with State officials to establish a business park in the hopes that employment opportunities would remain in the area. Success was achieved and the Indiana based company not only remained in the area but combined many of its offices and services in this 140,000 square foot building (shown above).

ONE HUNDRED UNPARCELED ACRES ARE STILL AVAILABLE.

Interested businesses may qualify for zero interest construction loans or donated land depending upon eligibility.

Come and visit the existing corporation and its expanding facility to see its positive business climate.
